You have the right to be informed about who these recipients are.

#### 6. The right to data portability

You have the right to obtain a copy of the personal data we have on file about you in a structured, commonly used, machine-readable format. Moreover, you have the right to transmit this data to another data controller without any obstruction from the data controller to whom the personal data has been given, if

1. the processing is based on consent pursuant to Art. 6 para. 1 lit. a GDPR or Art. 9 para. 2 lit. a GDPR or on the basis of a contract in accordance with Art. 6 para. 1 lit. b GDPR and
2. the processing takes place with the help of automated procedures.

In exercising this right, you also have the right to have us transfer the personal data we have on file about you directly to another party if this is technically feasible. This action must not affect the freedoms and rights of other persons. The right to data portability does not apply to the processing of personal data necessary for the performance of a task in the public interest or in the exercise of official authority conferred on us.

#### 7. Right of objection

You have the right, for reasons arising from your specific situation, to object to the processing of personal data concerning you at any time, which is carried out in accordance with Art. 6 para. 1 lit. e or f GDPR; the same applies to profiling based on these provisions. We will no longer process the personal data relating to you unless we can prove a compelling legitimate reason for the same which outweighs your interests, rights, and freedoms, or unless the processing serves to assert, exercise, or defend our legal claims. If the personal data that concerns you is being processed for direct marketing purposes, you have the right to object at any time to the processing of the personal data that concerns you for the purpose of such marketing; this also applies to profiling, insofar as it is associated with such direct marketing. If you object to processing that is for direct marketing purposes, the personal data that concerns you will no longer be processed for these purposes. In the context of the use of information company services, and Directive 2002/58/EC notwithstanding, you may exercise your right to object using an automated process.

#### 8. The right to revoke the data protection declaration of consent

You have the right to revoke your consent to this Privacy policy or the processing of your data at any time. This revocation will not affect the lawfulness of any processing done beforehand.

#### 9. Automated decision in individual cases, including profiling

You have the right not to be subject to a decision based exclusively on automated processing - including profiling - that has legal effect against you or significantly impairs you in a similar manner.

This shall not apply if the decision:

1. is necessary for us to establish or fulfill a contract with you;
2. is authorized by EU or national law to which we are subject, provided said law also sets forth suitable measures for safeguarding your rights, and freedoms, and legitimate interests; or
3. is based on your explicit consent.

However, these decisions may not be based on special categories of personal data pursuant to Art. 9 para. 1 GDPR, unless Art. 9 para. 2 lit. a or g GDPR apply and appropriate measures have been taken to protect your rights and freedom as well as your legitimate interests. In the cases referred to in (1) and (3), we shall take reasonable measures to safeguard your rights, freedoms, and legitimate interests, including, at a minimum, the right to obtain the intervention of a person on our part to state our position and to challenge the decision.

#### 10. The right to lodge a complaint with a supervisory authority

Without prejudice to any other administrative or judicial remedy, you have the right to lodge a complaint with a supervisory authority, in particular in the Member State where you reside, work or where the infringement is suspected, if you believe that the processing of personal data concerning you infringes the GDPR. The supervisory authority with which the complaint has been lodged shall inform the complainant of the status and results of the complaint, including the possibility of a judicial remedy under Art. 78 GDPR.
